

PRODUCT INFORMATION SHEET

AC Condensate Drain Hose

Revision: 27.09.2026

This document reflects catalogue data on 27 September 2026.

Check the AC outlet, hose connection and drainage route together. 5/8 inch equals 15.875 mm mathematically; although commonly described as nominal 16 mm, actual fit must be verified against the appliance and hose dimensions.

Catalogue options

Catalogue size	Published class	TRY / metre
5/8"	Not stated	15.82

Listed prices exclude VAT.

Price, stock, quantity discounts, cutting/roll options and freight are confirmed in the written quotation. This document states no price-validity period or delivery commitment.

Sizes use the catalogue nominal designations. An inch conversion does not replace actual inner/outer diameter or connection tolerance data.

Technical review

Verify actual inner/outer diameter, tolerances, material, temperature, fluid and outdoor suitability against the selected product's current technical information. Unverified values are not added to this sheet.

Quotation details

Share the product name or code, size, total metres/pieces, required continuous lengths and delivery destination. Include operating conditions and any documentation requirements.
