

PRODUCT INFORMATION SHEET

Clear Water Level Hose

Revision: 27.09.2026

This document reflects catalogue data on 27 September 2026.

A clear water-level hose needs a visible water level and a route without trapped air. Do not assume suitability for pressurised irrigation or gas connections.

Catalogue options

Catalogue size	Published class	TRY / metre
6 mm	Not stated	7.49
8 mm	Not stated	9.63
10 mm	Not stated	11.77

Listed prices exclude VAT.

Price, stock, quantity discounts, cutting/roll options and freight are confirmed in the written quotation. This document states no price-validity period or delivery commitment.

Sizes use the catalogue nominal designations. An inch conversion does not replace actual inner/outer diameter or connection tolerance data.

Technical review

Verify actual inner/outer diameter, tolerances, material, temperature, fluid and outdoor suitability against the selected product's current technical information. Unverified values are not added to this sheet.

Quotation details

Share the product name or code, size, total metres/pieces, required continuous lengths and delivery destination. Include operating conditions and any documentation requirements.
