

## PRODUCT INFORMATION SHEET

# Vacuum Truck Suction Hose

Revision: 27.09.2026

This document reflects catalogue data on 27 September 2026.

For vacuum-truck lines, specify the conveyed material, pump suction conditions and connection method. Confirm vacuum rating, bending limits and operating temperature in the product data sheet.

## Catalogue options

| Catalogue size | Published class | TRY / metre |
|----------------|-----------------|-------------|
| 4"             | Not stated      | 434.68      |

### Listed prices exclude VAT.

Price, stock, quantity discounts, cutting/roll options and freight are confirmed in the written quotation. This document states no price-validity period or delivery commitment.

Sizes use the catalogue nominal designations. An inch conversion does not replace actual inner/outer diameter or connection tolerance data.

### Technical review

Verify actual inner/outer diameter, tolerances, material, temperature, fluid and outdoor suitability against the selected product's current technical information. Unverified values are not added to this sheet.

### Quotation details

Share the product name or code, size, total metres/pieces, required continuous lengths and delivery destination. Include operating conditions and any documentation requirements.
